Exploiting databases and computer softwares in drug formulation: Mining the treasures

Published On: December 31, 2018 | Pages: 001 - 002

Author(s): Rania M Hathout* and AbdelKader A Metwally

In one of the conversations between me and one of my senior colleagues, she told me “What lucky researchers you are!”, interested to know the reason behind this statement, I asked: “Why?!”, and she replied: “because in our time we didn’t have all these available search engines, scientific databases, open resources and data manipulation tools”. Later, I had a discussio ...
